

quick guide → Viewing Destination Resources

About Destination resources

Edusoft now offers a direct link between standards in Edusoft and instructional resources found in the Destination product suite to provide teachers with targeted curriculum and instruction well suited for whole group or small group instruction.

You can search for aligned Destination resources through the Instructional Resources browser on the Teacher Tools and Curriculum Management tabs and display lessons aligned to the targeted state standard.

Browsing Destination resources

You can browse Destination resources aligned to standards for your state.

To browse Destination resources:

- 1 From Teacher Tools or Curriculum Management, click the link or icon for Instructional Resources.
- 2 Select the standards group, subject, and grade level for the resources you want to browse, and click **Show Resources**.
- 3 In the Browse Resources page, click **View** next to the standard you want to browse resources for.

The resource list appears for the selected standard. Destination resources, if available, appear as links under Activities.

Click to view details for this resource.

[Destination Resources](#) [visit web site](#) Destination Web Links
Link to Destination online resources for this state standard.

Click to view resources on the Destination site.

- 4 Click the **Visit Web Site** link next to Destination resources to view resources for this standard.

The Destination Reading or Destination Math page appears briefly before the resource page opens.

Tip: Copy the URL for the resource page so that you can send students directly to that page when you want them to use it.

You can also click the **Destination Resources** link to see more details.

DESTINATION READING UNIT 26 • LESSON 02

DR3 USER

Under a Blanket of Stars

Dave sighed deeply in the cramped car. He couldn't believe he had let Maddie talk him into taking this trip with her family. It was his first time camping.

"Are you okay?" Maddie asked, nudging him in the ribs. Dave pulled one earphone away from his head. "What? Oh, I was just thinking," he replied.

"Bet you can't wait to hike up Mount Timber," she teased. Dave rolled his eyes. He and Maddie had been friends since they were toddlers.

But as they grew older, their interests couldn't have become more different. Maddie enjoyed outdoor activities. Dave was more of the artistic type.

Including Destination resources in Instructional Tool worksheets

If your district has access to Destination resources through Edusoft, you can include these resources in Instructional Tool worksheets.

To include Destination resources in Instructional Tool worksheets:

- 1 In Teacher Tools (under Tools & Analysis) or Benchmark Exams, click the **Instructional Tool** link or icon.
- 2 Choose the type of instructional worksheets to create: individual students, an entire class or period, or a group of students. Click **Continue**.
- 3 Select the school(s), periods, and student set whose scores will be used in selecting instructional materials. Click **Continue**.

- 4 If you selected Individual Students, select the students on the next page. Click **Continue**.
- 5 Select the test(s) on which to base the instructional worksheets. Click **Continue**.
- 6 Select the standards to include. Click **Continue**.
- 7 Select the types of materials to include. Click **Continue**.

You must select Instructional Resources, and include **Activities**, to see Destination resources.
